

Star Island

National History Conference

Come to Star Island's Natural History Conference (nhcstar.org) for week-long vacation, June 22-29, 2013.

LEARN ALL ABOUT:

The Mysterious & Misunderstood World of Mushrooms

Have you always wished you felt confident in your knowledge about these gifts of nature?

Have you been afraid to even consider eating them?

NOW IS THE TIME TO ELIMINATE THOSE
UNCERTAINTIES!!!

Dr. Rick Van de Poll will give you the information you need to see mushrooms in a different light.

Learn how to find and identify:

THE GOOD

and AVOID:

THE UGLY

Details on page two!

THE MYSTERIOUS & MISUNDERSTOOD WORLD OF MUSHROOMS

➤ Come to Star Island (starisland.org) to learn all about "The Mysterious & Misunderstood World of Mushrooms" at the Natural History Conference, **June 22-29, 2013.**

➤ Dr. Rick Van de Poll, an expert in the field, will lecture daily on identifying and adding these delicacies to your menus.

➤ Star Island, "Ten miles out and a hundred years back," is ten miles out to sea and keeps traditions begun in an earlier era.

➤ The setting provides ample opportunities for locavores, foragers, artists, photographers, birders, and all seekers of a quiet respite from the hustle of modern life.

Information about registering for **your** stay can be found at nhcstar.org
