

STAR ISLAND CORPORATION

Greetings!

Thank you for considering membership in the Star Island Corporation. We are proud of our long heritage of Corporation membership. Corporation members are the owners and stewards of Star Island, those who have agreed to be the most responsible for the ongoing well-being of the Star Island community.

Specific criteria for becoming a member are identified in our bylaws, which are quoted below. Please refer to these before completing your application. You will also find links to on-line forms that the Nominee, their Sponsor, and their Recommender must complete to be considered for membership.

These are the steps you will need to take to complete the Star Island Corporation membership application process prior to January 15th of each year:

- 1) Find a current Star Island Corporation (SIC) member who knows you well, and can speak to your commitment to Star Island, to act as your sponsor. That member must fill out the *Sponsor Sheet*. A list of current Star Island members can be found at: [2021 Corporation Member List](#)
- 2) Find a second SIC member, or other qualified individual, such as a Minister or Conference Chair to fill out the *Recommender Sheet*.

Please note: The recommender does *not* have to know you in relation to Star Island. 2. Family members should *not* be used as recommenders or sponsors.

- 3) Each nominee should also complete the *Cover Sheet*, *Proposed Nominee Application and Personal Statement*.

Submitting your application:

- 1) You may submit the forms via online application, e-mail the completed forms to Kate Brady, SIC Office Manager (kbrady@starisland.org) or mail them to Star Island Corporation, Morton-Benedict House, 30 Middle Street, Portsmouth, NH 03801. (We prefer on-line applications. If you have easy internet and computer access, please submit your application on-line.) Applications must be submitted on-line, emailed, or postmarked no later than January 15, 2022 for consideration for the 2022 Annual Meeting.
- 2) Your application will be reviewed by the Membership Committee and you will be notified of its recommendation before March 15, 2022.
- 3) If the Membership Committee asks favorably upon your application, you will be asked to submit a short biography to be included in the Annual Meeting material packet and you will be expected to attend the SIC Annual Meeting.

STAR ISLAND CORPORATION

Membership in the Star Island Corporation *A Message from the Board of Directors from the Bylaws of the Corporation:*

Membership in the Star Island Corporation is a public and deliberate demonstration of an individual's commitment and affinity for Star Island and what it represents. Membership is a responsibility and a declaration of stewardship and should not be undertaken lightly. As a Corporation, we have the following formal definitions of membership conditions.

Corporation members contribute their time, talents and treasure to the Star Island Corporation. The purpose of the Corporation itself "shall be to hold and administer Star Island, one of the Isles of Shoals off Portsmouth, New Hampshire, and such other property as the corporation may acquire, for religious, educational and kindred purposes." (Article 1 Section 1 SIC's Bylaws)

"Any member may propose to the membership committee the nomination of a person or persons, the election of whom to membership would in the opinion of such a proposing member result in the addition of a member who would during her/his membership advance and promote the carrying out of the purposes of the corporation. The procedures for the application, nomination and election of new members of the corporation shall be established, and revised from time to time, by the Board of Directors, upon the recommendation of the Membership Committee." (Article 2 Section 3 SIC's Bylaws)

Corporation members make many different types of contributions to the Star Island experience, including, but not limited to attending the SIC Annual Meeting and other meetings, serving on committees and actively participating by live attendance or other communication means, participating in work parties or other volunteer efforts, and by attending conferences.

Corporation members or family giving units support Star Island financially by contributing each year. No specific amount is suggested and gifts of any size will be welcomed and appreciated. Specific amounts will not be disclosed, however, names of donors may be included in broad categories of giving. By participating as they are able and in giving financially, Corporation members set an example for all Shoalers.

The current SIC Bylaws limit Corporation membership to 500. (Article 2 Section 1 of SIC's Bylaws)

STAR ISLAND CORPORATION

Relevant Criteria for Corporation Membership~

Becoming a Member of the Star Island Corporation Criteria and Process from the Bylaws of the Corporation:

It is important to show how the person nominated for membership has worked to the benefit of Star Island and can be expected to continue to do so. In its effort to assess the potential of nominees to successfully fulfill the role of Corporation member, as described above, the Board has approved criteria to guide the Membership Committee in screening proposals.

The criteria considered when evaluating a person for membership include the following:

- Activities on behalf of the Corporation. Examples include, but are not restricted to, participation in work weekends, committee work, serving as solicitor and conference liaison for the annual appeal.
- An indication that the candidate understands the responsibilities of Corporation membership and will make a commitment to carry out those responsibilities. The candidate's statement required as part of the nomination process is a useful indicator.
- Consistent record of financial support. (It is more important that there is a consistent pattern of giving, no matter what the amounts have been.) This means having made a voluntary financial contribution to the Corporation each year for the past several years, with the clear indication that this is expected to continue.
- Leadership in those segments of the Shoals Community in which the candidate has participated. For conferees, this may include serving as conference chairs, registrars, speakers and workshop leaders, Minister of the Week, steering committee members, treasurers, and business managers. For staff member or Pelican, this may include ways you've shown a commitment to the island and the Star Island Community beyond the requirements of employment, including leadership in and service to the Pelican Community, and job related performance which shows understanding of and dedication to the mission of the Island and the Corporation.
- Board Potential. This is a global criterion which may include a combination of professional expertise, maturity, character, judgment, people and leadership skills, and planning and organizational skills. This criterion may be supported by excellence in the way in which other criteria are met, and/or by reputation beyond the boundaries of island-related participation and service.
- Length of Service/Participation Combined years of conference attendance and leadership, staff-Pelican employment, and service as a volunteer. It is expected that participation is current and continuing. *NOTE:* There is no minimum number of years, but rather an articulated sense of a person's passion and commitment to the wider Star Island community.
- Identification with the Values of Liberal Religion The spiritual traditions and aspirations represented by the Unitarian Universalist Association and the United Church of Christ are central in the life of Star Island.

STAR ISLAND CORPORATION

Affiliation with one or the other of these denominations, although not required, is a plus since it honors and implies support for these traditions and aspirations.

The Membership Committee evaluates a candidate's pattern of attributes which emerge when all criteria are evaluated and how these attributes compliment the current needs of the Corporation. We increasingly depend on the volunteer commitment and the financial support of members to collaborate with and augment the work of our dedicated staff, and expect that nominees will seriously approach the challenge of engagement and stewardship.

Thank you for helping to build a robust membership for the Star Island Corporation. The sustainability of our beloved island is a community-wide responsibility and one in which members help steer the future course through volunteering, serving, and leading with their time, talents, and treasure.

In the Spirit of Star,
Caroline Quijada
Chair, SIC Membership Committee
